Supervisor: Dr. Jana Kludas / Prof. Juho Rousu

Contact information: By email: jana.kludas@aalto.fi, juho.rousu@aalto.fi

Job description: Work in the Bioledge project under Dr. Jana Kludas' instruction. More specifically we are interested in biological network prediction ie. Protein-Protein Interactions (PPIs) based on features extracted from protein sequences using machine learning techniques such as kernels, random forests and probabilistic models.

Additional information: For information on the KEPACO group and the Bioledge project, see http://research.ics.aalto.fi/kepaco/
