BCC - Block Cipher Cryptanalysis

**Supervisor:** Prof. Kaisa Nyberg / Dr. Céline Blondeau

**Contact information:** By email: kaisa.nyberg@aalto.fi

**Job description:** The task will be to apply given software tools developed in our group. The tools have previously been very successful in the cryptanalysis of the stream cipher Snow 2.0. This time the target will be a block cipher.

**Additional information:** For information on the Cryptography group and its research, see http://research.ics.aalto.fi/crypto/
